

Elements of thermography and thermal imaging

UNIVERSITÀ
DI PARMA

This course, primarily designed for PhD students but open to all, is taught by Professors Alessandro Soldati, Fabio Bozzoli, and Luca Cattani. Participants will earn 2 CFU upon completion.

These lessons provide a comprehensive foundation in quantitative thermography, exploring a wide range of applications from power electronics and heat transfer to building analysis, diagnostics, and prognostics.

**From Monday, January 27th
to Friday, January 31th
10 am - 4 pm**

**Dep. of Engineering and
Architecture**
